Ohad Naharin Choreography

An explosion of colour, movement and music. Unforgettable performances by extraordinary dancers.

Highly energized, daring and humorous dance from Israel's Batsheva Dance Company in a programme of works specially devised to showcase the dazzling breadth of choreographer Ohad Naharin's invention.

Deca Dance 2008 features ten scenes from his most celebrated works. From stylized aggression and a fierce lust for life, to capricious dream worlds, *Deca Dance 2008* reflects Naharin's vision of the Company as a meeting place for artists of all disciplines.

Deca Dance 2008 includes excerpts from Ohad Naharin's works *MAX*, *Telophaza*, *Three*, Naharin's *Virus*, *Moshe*, *Zachacha*, *Z/na* and *Anaphaza*.

Stunning movement set to thrilling soundtracks embracing everything from classical music to rock and hip hop to Israeli and Arab folk music. If you thought contemporary dance wasn't for you, think again!
